## **Appendix 1. DEIS List of Commentors**

The public comment period for the Draft EIS began on March 22, 1996 and ended on May 23, 1996. Federal and state agencies, tribes, environmental organizations, industry, elected officials, and the public were invited to comment.

During the public comment period, 41 people testified at five public hearings held throughout the state and 174 letters were received, representing 181 individuals.

Many of the comments addressed herein are clearly directed to the HCP. To be certain that they were adequately addressed, the comments were treated as NEPA comments in this document. Those comments will be further addressed in any HCP decision documents which may be prepared as a result of this proposal.
